Bachelor of Science (B.S.) - Information Technology June 2026
Islamic University of Medina, Medina, Saudi Arabia

GRADUATION PROJECT

Students' Complaints Management System

A web-based system designed to streamline and automate the management of student complaints related to exam marks, including midterm, final, and annual assessments at the Islamic University of Madinah. The system allows students to submit complaints online, enabling faculty to track, respond, and resolve issues efficiently while ensuring transparency and improving communication between students and academic departments.
